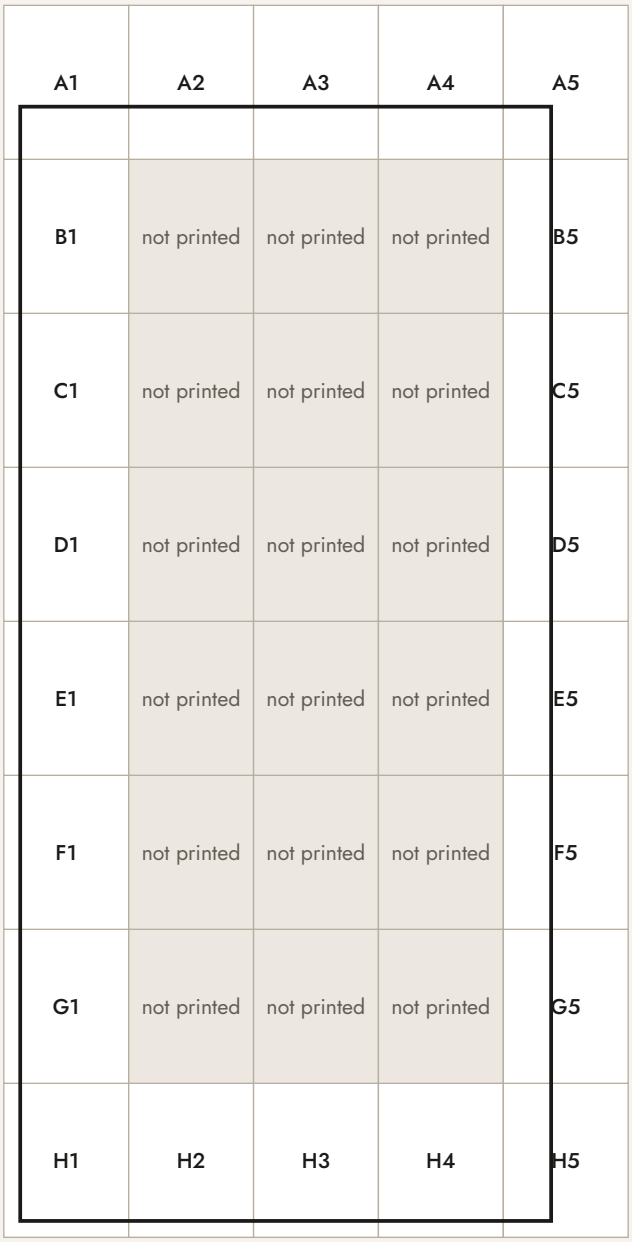
PRISM

The outline of PRISM at the rim, at full size: 66.9 × 31.9 in (1700 × 810 mm).

1. Print pages 2 to 23 at Actual size (100%), no scaling. Check the 4 in bar on any sheet.
2. Lay them on the floor following the map below: dashed frames meet edge to edge, the letter and number in each corner tell you where each sheet goes. Tape them together.
3. Sheets inside the outline are blank: they are not printed. The line closes on itself.
4. Walk around it, open the doors, sit beside it. Then tell us what you see.

Its Hot & Cold Unit stands beside it: 15 W × 21.7 D in (380 × 550 mm). Mark it with tape, keeping at least 20 in (50 cm) free on every side, as its manual asks.



Overall length and width as published (manufacturer documentation); the curves follow the product drawing. Not a construction drawing.
22 sheets to print, US Letter. Questions: contact@rivelor.com
