

LUNA

The outline of LUNA at the rim, at full size: Ø 59.1 in (Ø 1500 mm).

- 1. Print pages 2 to 28 at Actual size (100%), no scaling. Check the 4 in bar on any sheet.
- 2. Lay them on the floor following the map below: dashed frames meet edge to edge, the letter and number in each corner tell you where each sheet goes. Tape them together.
- 3. Sheets inside the outline are blank: they are not printed. The line closes on itself.
- 4. Walk around it, open the doors, sit beside it. Then tell us what you see.

Its Hot & Cold Unit stands beside it: 15 W x 21.7 D in (380 x 550 mm). Mark it with tape, keeping at least 20 in (50 cm) free on every side, as its manual asks.
